PART I.
ORGANIZATION

ORGANIZATION

The Trustees are the final source of authority in all matters affecting the College. They "adopt such rules for the government of the College as they deem proper, supervise all its interests, provide for all its wants, and require formal reports of the actual condition of the school in every regard."

Immediate executive control is affected through the President of the College who is directly responsible for the general administration of the College.

The Executive Council. The government of the institution is in the hands of the faculty, who act through the Executive Council, the governing body of the school. The Council consists of the President, the Business Manager, the Registrar, the Deans of Men and Women, together with other members appointed by the President of the College. This Council exercises jurisdiction over cases of discipline and formation of general college policies.

The Academic Council. This body composed of the President of the College and the heads of the various departments is charged with the formulation and direction of the general academic policies and practices of the college.

PART II.

GENERAL INFORMATION

GENERAL INFORMATION

PURPOSE OF THE INSTITUTION

The Kentucky State Industrial College for Colored Persons is an institution established and maintained by the State of Kentucky for the purpose of training teachers, supervisors and industrial leaders for the public educational system of the Commonwealth.

HISTORICAL SKETCH

The Kentucky State Industrial College is the result of an act passed by the General Assembly of Kentucky in 1886. This act established the State Normal School for Colored Persons and was approved by Governor J. Proctor Knott on the 18th day of May in the same year. The city of Frankfort, through its council, donated \$1,500 for a site. Since that day that site has been locally known as "Normal Hill".

The next year, 1887, Recitation Hall, containing four rooms and a Chapel, was erected. John H. Jackson, A. M., from Berea College, was elected as first president. The school opened its doors on October 11 with three teachers and before the school year ended there were enrolled fifty-five students.

During the last decade of the 19th century the school witnessed many changes. In 1890 there were added the departments of Home Economics, Agriculture and Mechanics. In the spring of this year the school turned out its first graduates, a class of five. In 1893 there was organized a High School department. In 1897 a farm of 265 acres was purchased for the Agricultural department. This expansion continued in the 20th century, both in name and program.

In 1902 the name was changed to "Kentucky State Normal and Industrial Institute for Colored Persons," and the president was made an ex-officio member of the Board of Trustees.

In 1908 a Practice School was organized.

The next year Hume Hall and the Trades Building were erected. In 1911 the school had its first Summer School.

In 1921, through a gift from Mr. Rosenwald, a new brick school was erected for Practice Teaching.

In 1926 the name of the school was again changed to "Kentucky State Industrial College for Colored Persons" and provision made in the statutes that the President be elected for a term of four years.

The last building was that of the Girls' Dormitory, erected in 1928. The presidents have been as follows:

John H. Jackson, A. M. (Berea) 1887-1898.

James E. Givens, A. B. (Harvard University) 1898-1900.

James S. Hathaway, A. M., M. D. (Berea and Simmons) 1900-1907.

John H. Jackson, A. M. (Berea) 1907-1910.

James S. Hathaway, A. M., M. D. (Berea and Simmons) 1910-1912.
 G. P. Russell, LL. D. (Berea) 1912-1923.
 F. M. Wood (Kentucky State Industrial College) 1923-1924.
 G. P. Russell, LL. D. (Berea) 1924-1929.
 R. B. Atwood, A. B., B. S. (Fisk and Iowa State) 1929.

LOCATION

Kentucky State Industrial College is situated about three hundred feet beyond the city limits of Frankfort, on a beautiful hill overlooking the city. Its campus consists of about thirty-five acres of rolling land, beautifully studded with evergreen and deciduous shade trees. Its farm, consisting of two hundred sixty-five acres of choice bluegrass land, adjoins the campus.

The Louisville & Nashville Railroad, carrying not only its own trains, but those of the Chesapeake & Ohio Railroad Company, passes through this farm. The Kentucky Central Traction's Company's lines, with both its city and interurban cars, pass the school's farm, skirting the campus, with stations at its entrance. Visitors coming to Frankfort over the interurban line may be set down at the gate of the institution by requesting the conductor to stop at "Station 73".

The U. S. Highway No. 60 passes between the campus and farm, forming a dividing line between them. Entrances to both campus and farm are located on this thoroughfare.

LIVING CONDITIONS

The institution maintains two dormitories, in which the students live. One of these will accommodate 80 boys and the other 150 girls. Both are equipped with all modern conveniences. Each student is required to keep a clean and neat room and should bring sufficient linens and blankets for changing as often as is necessary. For detailed description of the dormitory see page 25.

MARRIED STUDENTS

The institution considers itself unable to furnish quarters on the school campus for young married students during the regular session. Such persons may live in homes in the city approved by the administration.

ADVANCE ASSIGNMENT OF ROOMS

Application for rooms in the dormitory are receivable at any time. For the first semester deposits are receivable beginning June 1. Such application should be made as soon as practicable as reservations will be made in the order in which the applications are received, but no reservation will be made unless there is an advanced payment of \$4.00, one month's room rent. This will not be refunded except in cases of

non-attendance on account of personal illness, provided notice is given prior to the opening of school and the room space can be rented to someone else.

KEY DEPOSIT

Upon arrival at the dormitory, each student is furnished a key to the door of his room, after making a deposit of 50 cents. When the key is returned, at the close of the year, the 50 cents is returned.

HEALTH

All college buildings are under a thorough system of inspection, conducted by the school physician. The sources of milk, water supplies, etc., are subject to inspection from time to time. Apart from college buildings, houses in the city, where students room, are inspected by the school physician. In addition to the care which is exercised to prevent diseases, measures are taken to insure the physical well being of students who take part in athletics. All candidates for athletic teams must be examined by the college physician before they can be accepted as a member of the team and each team is under medical supervision during the period in which it is engaged in sports. For the physical welfare of the student body of the college every student must take 2 semester hours in Physical Education.

STUDENT WORK

Campus: The institution employs approximately seventy-five students as helpers in the dining hall, kitchen, dormitories, class room buildings and on the farm. This work is given to the most worthy and needy students. The students desiring work should write for application blank and file same in the office of the President, not later than July 15th. It frequently happens that students who must work their way through school are unable to carry the full schedule of classes and this fact should be borne in mind when accepting a job. In the event there is a conflict between a student's job and his class, one of them must be dropped.

City: A number of students are able to secure work with families, boarding houses and other places in the city. However, parents are cautioned against permitting their girls to work in the city, unless they fully understand the living conditions of the girl and the care and chaperonage which she will receive. Girls will be permitted to live in the city only on condition that they are living with relatives or that they are working, as a necessity, and living under conditions approved by the institution. The institution takes no responsibility for securing jobs in the city for the students, but will help where it can.

GOVERNMENT

The government of the institution is in the hands of the faculty, who acts through the "Executive Council," the governing body of the school. Each member is a person experienced in school work and deeply in sympathy with young life. Punishment, when meted out by this body, is given as a corrective measure and never as a means of thwarting the chance in life of some young man or woman.

RULES AND REGULATIONS

A student, upon entering the institution, agrees, both in spirit and in action, to abide by the rules and regulations of the school. For years the institution has maintained a high standard of human conduct and those not willing to live up to these standards are urged not to enter. A small pamphlet, in which the rules and regulations are printed, will be furnished the student upon his arrival at the college.

Young women are expected to room on the campus when attendance does not exceed the capacity of the dormitories, unless for special reason they are granted permission by the President to room elsewhere.

During those terms when the attendance exceeds the capacity of the dormitory the school maintains a list of private homes which agree to take student roomers under conditions and rates accepted by landladies and the school. All young girls, except those whose homes are in Franklin County, are required to room in one of the homes listed.

Students should not engage rooms or board before ascertaining from the school that the landlady's home is on the list. The fact that students have roomed and boarded at a home during some previous year is not necessarily a guarantee that the home is at the present on the list. Women students desiring to room with relatives or friends should notify the Dean of Women of such intention as early as possible before coming to secure the school's approval if it can be given.

All students not living in their own homes, whether rooming in the dormitories or in private homes or rooming houses, are alike subject to the regulations, control and supervision of the school.

SOCIAL LIFE

Social intercourse, properly supervised, will be encouraged and emphasized in this institution. In all the entertainments provided for the students, the aim is to develop properly the social side of life.

ATHLETICS

The school fosters a wholesome program of athletics. The major sports are intercollegiate football and basketball with ample facilities

and opportunities for tennis and track. Volley ball, inter-class basket ball and other group games are opened to individuals. The school is a member of the Mid-Western Athletic Association, and adheres strictly to the rules of this body.

STUDENT ORGANIZATIONS

The students find opportunities for expression and development through various voluntary student organizations. The following constitute a list of such organizations:

Delphic Club organized in 1926, for girls, has as its aim the maintenance of high standards of conduct, development of spirit of fellowship and sociability and to preserve the traditions of the college. Effective 1929, the club was opened to college girls only. The club's motto is "Gentle in manners but resolute in deeds."

Aurora Club, organized in 1928, for girls, has as its purpose the fostering of high ideals and the development of keen appreciation for the intellectual and aesthetic.

A. P. B. Club was organized in 1924, for young men. It aims to teach lessons of altruism and to awaken a keener school spirit. It also has as its object the making of a larger and better college.

The S. D. S., a club for young men, was organized November 26, 1927. The purpose of the club is to improve the social, intellectual and moral life of the young men of the college.

Kentucky Progressive Aggies (Agricultural Club), organized in 1929, have the following as their main objectives: Promotion of progress through scientific study in the field of Agriculture; special study in Agricultural problems of Kentucky Negro farmers; fostering exhibitions at the close of each school year, and the rendering of programs of agricultural interest, which shall be both entertaining and informative.

The Inter-Club Council organized and composed of the presidents and faculty advisors of Student Organizations, purposes to aid in raising club standards, college standards and the direction of social activities of the students, and to offer educational programs during the year.

The Kentucky Hall Club, organized in 1931, is the medium through which all women students in the dormitory aid in the promotion of better living conditions. This organization purposes to foster student leadership (or self-government); second, to stimulate the academic standing of women students; third, to develop home-like spirit among the young ladies, using the "Golden Rule" as a basis; fourth, to give each young woman an opportunity to be a member of a distinct social group.

Motto—To live together harmoniously.

The Physical Education Club, known as the "Fizz-Edders," is composed of students who are taking physical and health education as a

major or a minor subject. This group, which has for its motto "To live most and serve best," provides opportunity for united effort in the extra-curricular activities which are associated with the department; for the dissemination of information relative to their field; for the special investigations and study in the various phases of health and physical education; and for the presentation of programs which shall be instructive as well as recreational.

English Club. It will be the object of the English Club to bring together those persons who are interested in the correct usage of the English Language; to acquaint them with the best literature; and to train them in public speaking and dramatics. All students who have satisfactorily completed one semester of work in this institution are eligible for membership.

Mu Sigma. The Science Club was revived in 1931 under the name of Mu Sigma. It has for its aims the impression upon the minds of the students, the value of applied science, and the creation of a scientific atmosphere in our intellectual group.

Home Economics Club. The aims of the Home Economics Club are: to develop professional spirit and correlate home economics with other school and community activities; to bring students in closer touch with the greater home economic organization and activities in the state and nation. All students enrolled in the Home Economics Department are members of this club.

Musical Organization. The Choral Society offers opportunities for becoming acquainted with much that is best in musical literature for voices. Members are admitted by trial examination. This group furnishes music for Religious Services and other special occasions; having one hour rehearsals two times a week throughout the year.

Women's Glee Club has as its aim to encourage the cultivation of talent. This group has a one hour rehearsal two times a week throughout the year.

The College Octet is the varsity group of the musical organization and participants are selected by elimination. One hour rehearsals four times a week.

French Club. The aims of the French Club are: (1) To increase the interest of students in spoken French; (2) To make them more familiar with the literature and civilization of the French people; (3) to sponsor a program in French in chapel.

Kappa Alpha Sigma is an honor society having for its purpose the encouragement of a well-rounded development of students at the college. Admission to this society is based upon academic achievement, extra-curricular activity and personal character. A detailed statement concerning this society may be found in the Student's Handbook.

FRATERNITIES AND SORORITIES

Greek letter organizations are in the process of being organized

at the institution. A chapter of the Alpha Kappa Alpha Sorority was set up at the college February 25, 1933; and a chapter of the Alpha Phi Alpha Fraternity was set up April 28, 1933. Applications for other Greek letter organizations are being considered.

CHICAGO ALUMNI SCHOLARSHIP

The Chicago Alumni Association gives annually a scholarship of \$100.00 to some worthy student.

Winner 1929-30—Patty Simpson—Frankfort.

Winner 1930-31—Lorene Griffin—London.

Winner 1931-32—Walter Johnson—Middlesboro.

Winner 1932-33—Naomi Eliza Brashear—Elizabethtown.

Winner 1933-34—Allen G. Little, Chicago.

LOUISVILLE ALUMNI SCHOLARSHIP

The Louisville Alumni Association began an annual scholarship of \$100.00 beginning 1930-31.

Winner 1930-31—Luverna English—Elizabethtown.

SIGMA GAMMA RHO SCHOLARSHIP MEDAL

The Sigma Gamma Rho Sorority set up in 1930 an annual award of a medal to the leading female scholar in the Senior High School Class.

Winner 1929-30—Katherine Ryon—Franklin, Ky.

This sorority also has set up an annual scholarship of \$50.00.

Winner 1930-31—Dorothy Wilson—Frankfort.

Winner 1931-32—Dorcey Clark—Frankfort.

Winner 1932-33—Josephine Wilson—Frankfort.

Winner 1933-34—

RELIGIOUS OPPORTUNITIES

Realizing the great advantage of training the heart as well as the head and hands of its young men and women, thus awakening and quickening their sense of responsibility for their less fortunate fellows, a non-sectarian Sunday School, a Y. M. C. A. and a Y. W. C. A. are maintained in the school for the development of their religious instincts. Aside from these the school holds devotional exercises three times a week, prayer meeting once a week and Church or Vesper services each Sunday, all of which are compulsory.

PHYSICAL AND HEALTH EDUCATION

All students are required to present four courses in health and physical education, yielding a total of two hours' credit, for gradu-

ation from any course of study. A thorough physical examination of each student is given at matriculation, and individual follow-up work done in the cases where special attention is needed. A special clinic for the correction of remediable defects has been established to care for the students who are handicapped and unable to participate in the regular physical activity program.

The women taking physical education have a regulation one-piece washable romper suit, socks in the school colors, and white tennis shoes. The approximate cost of this outfit is \$2.50, and may be ordered at the institution.

The men are required to provide white athletic jerseys, athletic supporter, standard colored athletic trunks and gymnasium shoes. These may be bought from the book room. The approximate cost of the shoes and trunks is \$1.50.

BUILDINGS AND EQUIPMENT

BUILDINGS:

Kentucky Hall is a two-story double "L" shaped modern fireproof brick dormitory with a basement and a sub-basement erected in 1929 at a cost of \$150,000.00 and equipped at a cost of \$34,000.00. The building contains 57 rooms, which will accommodate 212 girls. In addition, it houses the school dining-room and kitchen, laundry, provision store-room and ice manufacturing plant. It also contains ample space in the attic and basement for storage of trunks.

Health Building erected in 1931 at a cost of \$32,000.00 is approximately 100 feet square; is made of brick. It is used for Physical Education classes, as well as for indoor games, principally basketball. It has a large basketball court, a seating capacity of 500, and a stage approximately 45 by 22, which is used for dramatic presentations. The building is also provided with offices for the directors, dressing-rooms, lockers, and showers for both men and women. It is very modern, well-lighted and steam-heated.

Hume Hall is a two-story native Kentucky stone building, erected in 1909 and valued at \$40,000.00. It houses, on the first floor, the offices of the President, Business Manager, Bookkeeper, Library and three class rooms. On the second floor is the school auditorium, with a seating capacity of 500, and music studio.

Trades Building is a two-story native Kentucky stone building, erected in 1909 and valued at \$47,000.00. This building, on the first floor houses the department of Agriculture and Industrial courses for boys. The entire second floor is used for the Department of Home Economics. The foods and clothing laboratories are equipped with modern furnishings. The dining-room adjoins the foods laboratory. There is a lecture-room and a teacher's office on this floor.

Annexed to this building, is the school's power plant and engine-room, furnishing heat and a portion of the light and power used at the school.

Memorial Hall is a three-story brick building, erected in 1920 at a cost of \$11,000. It contains 40 rooms, which will accommodate 80 boys.

Recitation Hall is a two-story brick building of the German Castle style, erected in 1887 and valued at \$24,000.00. This hall serves as the main classroom building and contains, on the first floor, the office of the Dean, Laboratories for Chemistry, Physics and Biology, and two lecture rooms. On the second floor there are six lecture rooms.

Teachers' Cottage is a two-story modern frame building, erected in 1894 and valued at \$5,000.00. On the first floor are two four-room apartments for teachers and a reception-room and on the second floor are eight rooms for women teachers. It also contains a large basement for use by the occupants for laundry purposes.

President's Residence is an eight-room modern two-story brick dwelling, erected in 1919 and valued at \$8,000.00.

Practice Cottage is a modern two-story brick bungalow purchased by the Board of Trustees in 1929 for the purpose of furnishing a laboratory for girls taking courses in Household Management.

Rosenwald School—The generous donation of \$1,200.00 by Julius Rosenwald, of Chicago, supplemented by liberal contributions from the white and colored people of Frankfort, enabled the trustees of the college to erect a modern rural school building which serves the three-fold purpose of a rural school, a practice school for teacher training, and a community center. The building is of brick, heated by furnace, and has ample cloakrooms. The trustees of the college have set apart four acres of valuable ground around the school building to be used as a playground and for school gardens.

Cottages for Teachers—The school possesses three frame cottages for teachers, conveniently located on the school campus.

Farm Buildings—One large barn serves the school in a general way, as shelter for its animals and storage for its feed crops. The school also possesses five modern poultry houses, an implement shed, and several hog houses.

EQUIPMENT:

Biology, Physics and Chemistry—The laboratories in which these sciences are being taught are provided with equipment sufficient for the teachers to fully develop and illustrate each course announced in the catalogue. The replacement value of the laboratories, at present, is \$8,000.00, with provisions for additional equipment, if necessary.

Agriculture—Two hundred sixty-five acres of land, thirty head of cows, forty-seven head of hogs, five hundred head of poultry, modern farm machinery, Babcock testers, separators, and other agricultural equipment are available for furnishing suitable laboratory for students in these courses.

Library—Eight thousand volumes of live, well distributed, professionally administered books, bearing specifically upon the courses taught, constitute the school's library. Definite plans have been made for annual increases.

EXPENSES

Residents of Kentucky will pay on entrance:

Tuition	Free
Matriculation fee	\$ 5.00
Medical fee	3.00
Lyceum fee	3.00
Laboratory fee	3.00
Athletic fee	3.00
Incidental fee	3.00
 Total	 \$ 20.00
Room, board and laundry, per month	18.50
 Total	 \$ 38.50

First month, September 8 to October 8:

Non-resident of Kentucky students will pay \$20.00 additional fee upon entrance.

ESTIMATED COST OF ATTENDANCE FOR ONE YEAR

Entrance fees	\$ 20.00
Room, board, and laundry—9 months @ \$18.50..	166.50
Books for the year—average	18.00
 Total	 \$204.50

Non-boarding and non-rooming students who are residents of Kentucky, \$17.00 per year. Non-residents will pay \$37.00 per year.

EXTRA FEES

Piano lessons, \$2.00 a month (1 lesson a week); \$3.50 a month (2 lessons a week).

DEDUCTIONS AND REFUNDS

No deductions or refunds will be made for board, room or laundry charges during the first seven days of absence; after that time a deduction or refund will be made at the rate of \$3.15 per week. No refunds will be made for rooms.

WITHDRAWALS

In case a student withdraws from the college during any month for any reason he forfeits the price of his board charge for one week, (\$3.15) and all his room charge for the month. His board and laundry

will be refunded for the balance of the month. The refund for tuition and fees will be as follows:

When a student withdraws within one week of registration, 75 per cent will be refunded.

When a student withdraws within two weeks, 50 per cent will be refunded.

When a student withdraws within three weeks, 25 per cent will be refunded.

After three weeks, no refund will be made.

STUDENT BILLS

All bills for board, room, laundry or other fees, except those incurred as penalties, are due and payable in advance. Students who fail to meet their financial obligations promptly are subject to suspension from all student privileges. This rule applies to students in all departments.

PART III.

ADMISSION, CREDITS, OUTLINES OF CURRICULA, CERTIFICATES AND DEGREES, ETC.

THE COLLEGE

R. B. Atwood, President H. C. Russell, Registrar
 J. H. Ingram, Business Manager

ORGANIZATION

THE COLLEGE EMBRACES TEN DEPARTMENTS:

- 1 Psychology and Education
- 2 English
- 3 Modern Language
- 4 Sociology and Economics
- 5 History and Government
- 6 Science and Mathematics
- 7 Agriculture
- 8 Home Economics
- 9 Physical and Health Education
- 10 Music

ADMISSION TO THE COLLEGE

Graduates of high schools accredited by the Association of Kentucky Colleges are admitted to the college on certificate, provided they have fifteen credits of high school work acceptable to the college. In these fifteen credits five basic units are required; three must be in English, one in Algebra and one in Plane Geometry. The other ten units may be chosen from groups "A" and "B" as listed hereafter. Only students holding certificates of graduation from accredited high schools will be admitted without examination. Students presenting certificates of graduation from non-accredited high schools will be required to validate, by examination, credit in the five basic units mentioned above and in two other subjects representing one unit each to be selected by the student. All students may be required to take tests in English and Mathematics for sectioning purposes. Students who fail to pass the English test will be required to take a course for one year in English Essentials instead of the regular Freshman course in Composition and Rhetoric without credit.

ADMISSION TO ADVANCED STANDING

Candidates who can present equivalents of any part of the college work may secure advanced standing and thereby reduce the number of hours required for graduation. They may secure this advanced standing by one of two methods:

- (1) By examination on each subject for which credit is desired.
- (2) By transfer from a college or university, which is accredited or approved by the Association of Colleges and Secondary Schools of the Southern States, or by one of the other recognized regional associations as approved by the American Council of Education, provided such credits otherwise meet standard college requirements. An official statement must be submitted to the Registrar certifying in detail the work for which credit is desired.

OUTLINE OF ENTRANCE REQUIREMENTS

The figures indicate the maximum and minimum number of units that may be offered in each subject.

1. *Basic Units*—Required by all colleges. English 3 units. Algebra, 1 unit. Plane Geometry, 1 unit.
2. *Elective*—In addition to the units required under 1, a sufficient number of units to make a total of fifteen must be offered from Groups A and B, except that not more than four units may be offered from Group B.

GROUP A

English	1	Mathematics:	
*Foreign Languages:		Advanced Arithmetic	1½-1
French	1 -3	Advanced Algebra	1
German	1 -3	Solid Geometry	½
Greek	1 -3	Trigonometry	½
Latin	1 -4	Sciences:	
Spanish	1 -3	Biology	½-1
History and Civics:		Botany	½-1
History	1 -4	Chemistry	½-1
Civics	½-1	General Science	½-1
Political Economy	½	Geology	½-1
Education (Including Psychology)	½-1	Physics	½-1
Teaching	1	Physical Geography	½-1
		Physiology and Hygiene	½-1
		Sociology	½
		Zoology	½-1

GROUP B

(Only four units may be offered in this group.)

**Agriculture	½-4	**Home Economics	½-4
Bookkeeping	½-1	Music	½-1
Commercial Law	½	Shop Work	½-2
Commercial Geography	½	Shorthand	½-1
Drawing—Freehand	½-2	Surveying	½
Drawing—Mechanical	½-2	Salesmanship	½

The minimum amount of credit allowed in any subject will be one-half unit.

*Not less than one unit in Foreign Language will be accepted.

**Not more than one unit may be offered for any one subject in Agriculture and Home Economics.

PHYSICAL EXAMINATION

Each student must undergo a physical examination by the college physician; if this examination is not passed successfully the student is not allowed to matriculate.

COURSES

The college offers courses designed to meet the needs of various classes of students:

- (1) A one year course consisting of thirty-two semester hours leading to the College Elementary Certificate.
- (2) A two year course consisting of sixty-four semester hours leading to the Standard Elementary Certificate.
- (3) A two year course preparing for entrance into Medical Colleges.
- (4) A four year college course preparing persons as teachers of high school subjects in the fields of English, Social Sciences, Mathematics, French, Home Economics, Agriculture, Natural Sciences, Public School Music and Physical Education.
- (5) A four year preprofessional college course.

DEGREES

The college offers courses leading to the following degrees:

Bachelor of Arts with majors in English, Education, History and Government, Sociology and Economics.

Bachelor of Science with a major in Natural Sciences, Agriculture Home Economics and Physical Education.

In all cases the student is responsible for the meeting of requirements for graduation.

For any degree the student is required to gain a total of 128 semester hours and 128 quality points; that is, an average academic standing of one or "C."

In order to meet the requirements for the Bachelor of Arts degree, with appropriate majors, the student is required to follow Curriculum C on page 44, for the Bachelor of Science degree with a major in Natural Science he will follow Curriculum D, on page 47, for the degree of Bachelor of Science in Home Economics, Curriculum E, on page 48, for the degree of Bachelor of Science with a major in Agriculture, Curriculum F, on page 48, and for the degree of Bachelor of Science with a major in Physical Education, Curriculum G, on page 49.

The final selection of majors and minors must be made not later than the first semester of the junior year of college studentship and may not be changed later than one semester before graduation.

Twenty-four semester hours in a department, exclusive of elementary courses constitute a major. It is subject to the approval of the head of his major department and the Registrar.

Eighteen semester hours in one department or nine in each of two related departments constitute a minor. Courses must be approved by the head of the major department and cannot include those open to Freshmen.

Students are advised to give careful thought and consideration to the problem of selecting major and minor subjects. These subjects should be chosen in accordance with the student's interests and the demand for service after graduation. It is necessary to remember that adequate preparation must be made in a subject in order to qualify one to teach the subject in the public schools. Nearly all teachers must teach two or more different subjects and for this reason it is suggested that students who are planning to teach should take two minors of 9 hours each, rather than one minor of 18 hours. All other electives must meet the approval of the head of the major department and the Registrar.

HONORS

An *Honor Roll* and an *Honorable Mention List* will be published by the office of the Registrar at the close of each semester. The names of students making an average of 2.8 grade points or more will be placed on the *Honor Roll*. Those averaging 2.2 grade points will be placed on the *Honorable Mention List*.

GRADUATION HONORS

Upon graduation from the senior college year, the following honors will be awarded:

Cum laude, Magna cum laude, and Summa cum laude.

Cum laude shall be awarded to students whose general grade point average for four years is 2.2 or above. *Magna cum laude* shall be awarded to students whose general grade point average for four years is 2.5 or above and who have received no F's or D's. *Summa cum laude* shall be awarded to students whose general grade point average is 2.8 or above and who have received no F's or D's. All candidates for graduation honors shall fulfill the residence requirements for graduation.

DEPARTMENTAL HONORS

The Degree of A. B. or B. S. with Honors in the student's major subject will be conferred upon the student who in addition to having completed the requirements for the degree, shall have (1) attained high standing in his major subject; (2) passed with distinction a thorough, comprehensive examination in his major subject; (3) been recommended for the said degree by the faculty of the department in which his major work was done.

MAXIMUM AND MINIMUM CREDITS ALLOWED

The student is required to carry each semester a load amounting to at least 12 semester hours. He may carry without special permission 16 credits exclusive of Physical Education. To be eligible to carry extra work the student must have a standing of at least 2 for the preceding semester; freshmen will not be allowed to carry extra work during the first semester.

RESIDENCE REQUIREMENTS

To obtain the Bachelor's degree, the student must have registered in the college during his senior year and have gained at least 32 semester hours in the college. Three (6 weeks) summer terms of residence are considered equivalent to one semester. At least 12 credits of a major must be gained in this college.

CREDITS BY EXTENSION

Students may apply toward the Bachelor's degree a maximum of 60 credits by extension, either by correspondence or otherwise. However, not more than 12 credits may be gained during one calendar year, unless the student has been devoting full time to study. Students are limited to 12 credits by extension during the senior year. Not more than 6 of the last 12 credits required for graduation may be taken by extension; not more than one-half of the credits required for the major may be gained by extension.

DEFINITION OF A SEMESTER HOUR

A semester hour represents one hour of recitation or a lecture or two hours of laboratory a week for one semester; drawing, shop work, physical education, and other courses requiring no outside work are reckoned at 3 hours for one semester hour.

GRADING SYSTEM

A. Results of work will be recorded in the Registrar's office as follows:

- A—Excellent, valued at 3 points for each semester hour.
- B—Good, valued at 2 points for each semester hour.
- C—Average, valued at 1 point for each semester hour.
- D—Pass, carries no points but gives credit for graduation, if with such credits the student's standing is one or more.
- F—Failure, valued at no points.
- I—Incomplete.
- W—Withdrawal.

B. Students who are deficient in their scholastic work will be re-

quired to curtail or completely abandon their extra curricula activities.

C. FAILURES:

Whenever a student has failed in fifty per cent (50%) of the work pursued, he shall be dropped from the institution at the end of the semester.

D. CHANGING COURSES:

All changes of registration (either by adding or dropping a course, or changing hours and divisions) must be made through the Registrar's office. Students are expected to follow the program as outlined on their registration cards. Any student who takes a course irregularly will not receive credit for it. No change will be made after the third day succeeding the last day of regular registration.

E. REGULAR EXAMINATION:

Regular examinations will be held in all courses at the end of each semester according to the Calendar on pages 3 and 4.

The school year is divided into two semesters of 18 weeks each. Delinquent examinations are held at the beginning, with the Entrance Examination (see page 3), and at least two weeks after the first semester's examination. Failure to take delinquent examination on appointed day will mean that the student receives a failure in the course.

PRE-MEDICAL COURSES

A two year course preparing for the study of medicine is offered which complies with the requirements of the American Medical Association for entrance into all Class A medical schools except those requiring a degree for entrance. The four year college course, with a major in Natural Science meets the requirements for entrance into all medical schools and lays a scientific foundation upon which a substantial superstructure may be erected. Students are urged to take the four year course.

COMMENCEMENT

All students who are candidates for a degree are required to participate in the commencement exercises. Commencement exercises will be held at the close of the second semester and the second summer term. Participation of students in college commencement exercises is restricted to those who have satisfied the requirements for a degree at the time of commencement. Students who satisfy these requirements at times other than the second semester will receive their certificates or degrees immediately following the completion of the work and will be regarded as of the graduation class immediately succeeding a completion of the work.

STANDING OF THE COLLEGE

The Kentucky State Industrial College is recognized as a Grade A Senior College by the Committee on Accredited Relations of the University of Kentucky and is approved as a four year Standard College, Class B, by the Association of Colleges and Secondary Schools of the Southern States.

CERTIFICATION OF TEACHERS

License to teach in the colored schools of the State will be issued by the State Department of Education for credits earned at this institution.

1. *To Avoid Delays and Unnecessary Correspondence, in Securing a Certificate Please Follow these Directions.*
2. *On Blanks Which Are Furnished by the State Department of Education, or registrar of the college please give complete information requested. Leave no spaces blank. Married women should give maiden name also, when credits or certificates were earned before marriage. Be sure to make application for reissuance of any certificate before date of expiration.*
3. *Do Not Send Fee Until Notified that Certificate Can be Issued. If you send it before notified, it will necessitate your sending 20c registry fee should it have to be returned.*
4. *If report is not received from application within a reasonable time, the applicant should notify the Department of Education. Every precaution is used to facilitate matters relative to certificates.*
5. *Important. When applying for renewal of certificate, or reissuance as different type of certificate, be sure to enclose old certificate.*
6. *Do Not Send Your Transcripts. Allow us to get these, since credits for our files must come direct from the institution where earned. If fee is charged by the institution for sending credits, it will be necessary for applicant to pay same.*

REGULATIONS

7. In passing upon the issuance of certificates to students of colleges within or without the State, the Director of Certification shall apply the same course requirements to such applicants that students of the State Teachers College are required to have for similar certificates. (See Sec. 4535c-1, Kentucky Statutes.)
8. Official transcript of credits for issuance or reissuance of certificates shall be certified by proper officers in charge of the records at the time application is made, with recommendation that, as far as the records of the institution are concerned, the certificate be granted.

9. *In Meeting Requirements for the issuance of any certificate, such credits in Education will be accepted as are listed in the catalog of the institution as Education and are given for this purpose under regular professors. The term, "Education," denotes work done in a recognized institution and which is given by the institution with the idea of professional preparation for teaching, such as School Administration, Supervision, Principles of Education, Educational Psychology, Pedagogy, Special or General Methods, School Management, Introduction to Education, Technique of Teaching, Classroom Management, Tests and Measurements, General Psychology, (not exceeding 3 semester hours). (Logic, Ethics, Economics, Sociology and subjects of like nature are not "Education.")*
10. *At Least 75% of Minimum Requirements for certificates requiring 64 or more hours of college credits must have been done in residence, and at least 50% of the requirement for reissuance of any certificate, (except the Provisional Elementary on 8 units, all of which must be earned in residence), shall be residence work.*
11. *High School Units in excess of those evidencing completion of high school cannot be accepted. Standard high school credits are earned by attending and reciting in the classes according to daily schedule during a regular term of high school. Only standard colleges may offer correspondence or extension courses for high school credit.*
12. *For Purposes of Certification, credits will be accepted from colleges outside Kentucky, which are accredited or approved by the Association of Colleges and Secondary Schools of the Southern States, or by one of the other recognized regional associations, as approved by The American Council of Education, provided such credits otherwise meet certification requirements.*
13. *Applicants for admission to the curriculum leading to the College Elementary Certificate must present fifteen units of acceptable high school credits, three of which must be in English, one in Algebra, and one in Plane Geometry. The other ten units may be chosen from groups A and B as listed in the catalog of the State University and the Teachers Colleges.*
Only students holding certificates of graduation from accredited high schools will be admitted without examination. Students presenting certificates of graduation from non-accredited high schools will be required to validate by examination, credit in the five basic units, mentioned above, and in two other subjects representing one unit each, to be selected by the student.
14. All applicants for the College Elementary Certificate must have an average academic standing of 1, or C, this standing to be computed on the following basis:
 - A grades give three quality points for each semester hour completed;
 - B grades give two quality points for each semester hour;

C grades give one quality point;
D grades give credit, but not quality points.

15. All credits submitted in fulfillment of the professional requirements for the issuance of the College Elementary Certificate, or any renewal thereof, must be earned in courses taught by instructors holding at least the Master's Degree, with a major in Education from an accredited graduate school.
16. All observation and directed teaching required for either the issuance or renewal of the College Elementary Certificate shall be done under such conditions as to comply in every way with the standards of the American Association of Teachers' Colleges.
17. All schools offering the curriculum leading to the College Elementary Certificate shall be regularly inspected by the State Superintendent of Public Instruction, or his representative, to determine whether such institutions are meeting the requirements and standards herein set forth.
18. Sixty-seven semester hours complete the maximum credit that may be accepted from a standard junior college. This 67 semester hours shall include any work already completed in other institutions previous to the date of completion of work in the junior college.
19. After having certificate of any given type upon credits submitted as required by law, another certificate of a different type shall not be issued upon the same credits without the completion of the amount of additional credit required for the reissuance of the different type of certificate sought.
20. A standard junior or standard senior college is defined as an institution that belongs to the State Association of Colleges of Kentucky, or is fully accredited by the University of Kentucky. Colleges outside Kentucky are recognized as meeting requirements for certification in Kentucky, provided they are duly accredited or rated by the Association of Colleges and Secondary Schools of the Southern States, or one of the other nationally recognized regional associations as approved by the American Council of Education.
21. In the issuance of high school certificates, at least 6 semester hours of the credits required in Education shall be in fields pertaining to the pedagogy of high school work, and not more than one-half of the required credits in Education may be earned by correspondence or extension.
22. In accepting credits of a highly technical character, such as those certified from schools of medicine, pharmacy, engineering, dentistry, theology, law, and other schools of a like nature, no greater amount of such credits will be accepted than would be accepted by a standard liberal arts college, should the holder of such credits enter a liberal arts college for purpose of obtaining a degree therefrom.

CERTIFICATES ISSUED

23. *Local Elementary Certificates* issued upon examination—(average 80%; minimum 65%)—valid in county where examination is taken reissued in same county upon 2 standard high school units earned during the life of the certificate. This certificate cannot be renewed after date of expiration.
24. The law whereby certificates were issued on 8 high school units was repealed in 1930, but unexpired certificates of this class may be renewed on or before date of expiration on 2 additional units *earned in residence in the normal department of a state teacher-training institution*. When holder of this certificate, issued upon basis of 8 high school units, completes high school requirements, the certificate cannot be further renewed. To secure further certification, it will be necessary for such persons to meet requirement for the college elementary certificate, based upon 32 semester hours as indicated below.
25. *Requirement for College Elementary Certificate Issued Upon 32 Semester Hours of Prescribed and Elective Work Under Law Which Becomes Effective September 1, 1932.*

The issuance of the College Elementary Certificate, based upon 32 semester hours of prescribed and elective work, earned in residence in a standard junior or standard senior college, requires the following courses:

	Semester Hours
Freshman English	6
Classroom Management	3
Teaching the Common School Branches	3
Teachers' Arithmetic	3
American History	3
Principles of Geography	3
Public School Art, or Public School Music	2
Health, or Agriculture, or Science	2-5
Elective	4-7

GENERAL DESCRIPTION OF COURSE CONTENTS:

English Composition—(Freshman English, 6 semester hours). Content: Fundamental principles in oral and written English Composition that insure correct use and form in writing and speaking, sentence structure, grammatical functions, vocabulary building, paragraphing, mechanics of written composition, and methods of improving English usage in oral and written discourses are the main features required.

Classroom Management—(3 semester hours).

Purpose: To acquaint the student with the problems of school management; to see how to handle these problems with the mini-

mum amount of energy and time; to help the student sense the relation of the school to the community and cultivate a constructive and harmonious contact between the two; to acquaint the student with a well-organized, well-managed school through directed observation in a demonstration school.

Topics: Organizing the school; the first day of school; the daily program; the gradation and classification of pupils; discipline; recess; sanitation and health; management of the library; attendance; records and reports; schoolroom equipment; classroom routine; schoolhouse keeping; management of extra-curricular activities.

Teaching the Common School Branches—(3 semester hours).

Purpose: (a) to familiarize the student with the State Course of Study; (b) to give practice in organizing materials for class work; (c) to acquaint the student with modern methods of teaching through directed observation in a demonstration school.

Topics: Subjects as outlined in the State Course of Study with special emphasis on reading, language, spelling, and arithmetic; educational seat activities; measuring instruction by the use of examinations, standardized and new type tests.

Teachers' Arithmetic—(3 semester hours).

Purpose: The review of the essentials of arithmetic, development of skill, accuracy, and methods of teaching fundamentals of arithmetic to pupils in the elementary school.

U. S. History—(3 semester hours).

Purpose: The purpose is to familiarize the student with the general content of United States history, with view to organization of material for teaching the subject in the elementary school.

Geography—(3 semester hours).

Purpose: The purpose is to familiarize the student with principles of geography, his surrounding, and the relation of geography to man's physical and economic development. The use of materials and natural surroundings as aids to teaching geography, and the relation of the student's local conditions to the county, state, national and world geography should be a part of this introductory course.

Music or Art—(2 semester hours).

Purpose: This is a course in public school music, or public school art; for public school teachers, the one or the other, as the institution offering the course may elect.

26. *Health, or Agriculture, or Science* course required for the certificate, are left to student's selection under direction of the institution where work is taken.

27. *Electives:* From four to seven semester hours of general electives are left optional with the student.

28. *Standard Elementary Certificates* issued upon minimum of 64 semester hours of standard college credits, including at least 12 semester hours in education. The 32-semester-hour requirement for the *provisional elementary certificate* automatically becomes part of requirement for this, together with at least 3 semester hours in standard practice teaching. Reissued for life when holder has taught three years on the certificate. If holder fails to teach three years on the certificate before expiration, it may be reissued upon 16 semester hours of college work earned after issuance.
29. *Provisional High School Certificate* issued on minimum of 64 semester hours of standard college work, including at least 12 semester hours in education. Reissued on 32 semester hours of college work earned after issuance. The *provisional high school certificate* issued to senior college graduates will be reissued without additional semester hours earned after issuance, provided the holder has taught three years on the certificate. If the holder of such certificate fails to teach three years on the certificate before date of expiration, such person may submit additional standard college credits in lieu of the teaching experience at the rate of 6 semester hours for each of the three years that the holder failed to teach on the certificate.
30. *Standard High School Certificate* issued to graduates of standard senior colleges, including at least 12 semester hours in education, with practice teaching or satisfactory evidence of two years' teaching in high school; reissued on three years' teaching upon the certificate; may be extended for life upon minimum of 24 semester hours in education, and three years' experience teaching on the certificate. If holder of this certificate does not meet renewal requirements by failure to teach three years on the certificate, additional college credits may be submitted in lieu thereof as in reissue of *Provisional High School Certificate* issued to college graduates.
31. *Superintendent's Certificate* issued upon minimum of graduation from standard four-year college, including required semester hours in education, 6 of which must be in administration and supervision and, in addition to scholastic credits, four years' experience in the public schools or colleges of this Commonwealth.
32. *Special Certificates* (Art, Music, Commercial, Physical Education, etc.), issued upon minimum of 64 semester hours of standard college work, including 12 semester hours in Education, and 12 semester hours in the special line for which certificate is sought. Renewed upon 32 additional semester hours earned after issuance.
33. *Mutilations, Erasures, Changing or Attempting to Change Names, Figures, Letters or Dates Upon Certificates* issued to applicants, are grave offenses against law and shall constitute cause for revoking such certificates and rendering the holders thereof ineligible to hold certificates. Superintendents are requested to notice closely

for such signs of mutilations, and to take up any certificates that appear to have been tampered with and report and send same to the Department of Education for inspection.

34. *False Statements of Applicants* relative to age, training, certificates held, teaching experience or other matters necessary to decisions in issuing certificates shall be cause for withholding certificates from such applicants or revoking certificates already issued to them.

CURRICULUM A

FOR THE PREPARATION OF ELEMENTARY SCHOOL TEACHERS

Normal Schools and teachers colleges supported at public expense are under obligation to prepare teachers for schools enrolling the children of farmers as well as for other types of public schools. Assuming this responsibility, the college offers the following two year course designed specifically for high school graduates preparing to teach in one-teacher rural schools, and the elementary grades of consolidated, or city schools.

FIRST YEAR

<i>First Semester</i>	<i>Hours</i>	<i>Second Semester</i>	<i>Hours</i>
Eng. 101—Comp. and Rhet. _____	3	Eng. 102—Comp. and Rhet. _____	3
Edu. 101—Class. Mgt. _____	3	Edu. 102—Tch. the Com. Sch. Branches _____	3
Mus. 101—Public School _____	3	Math. 103—Teachers Arith. _____	3
Hist. 101—United States _____	3	Soc. Sci. 102—Geography _____	3
Sci. 101—Inorg. Chem. _____	3	Sci. 102—Inorg. Chem. _____	3
or		or	
Sci. 103—Biology _____	4	Sci. 104—Biology _____	4
P. E. 101—Rec. Act. _____	½	P. E. 102—Rec. Act. _____	½
	16½		16½

Completion of this course with an average academic standing of one or "C" entitles the applicant to the *College Elementary Certificate*.

SECOND YEAR

<i>First Semester</i>	<i>Hours</i>	<i>Second Semester</i>	<i>Hours</i>
Eng. 201—Eng. Lit. _____	3	Eng. 202—Ch. Lit. _____	3
Soc. Sci. 201—Prin. of Soc. _____	3	Soc. Sci. 202—Prin. of Soc. _____	3

	15½		15½

CURRICULUM C

This curriculum leads to the Bachelor of Arts degree with majors in English, Education, Sociology and Economics and History and Government. Through judicious selection one may qualify himself as a teacher in two or more fields; as a social or civic leader in his community, or to pursue further professional courses. The first two years are required of all groups.

LOWER DIVISION

CURRICULUM G

This curriculum leads to the Bachelor of Science Degree with a major in Physical and Health Education.

Persons completing this curriculum will be qualified to teach Health and Physical Education in the public schools of the state and to hold other positions requiring like preparation—i. e., play grounds, community recreation.

This curriculum is so arranged that the student in addition to the major credits in his special field is enabled to earn sufficient credits for any second and third teaching minor he might select. It is suggested that these minors be chosen from some division of the fields of Natural and Social Sciences.

Electives must be approved by the Departmental Head and Registrar.

Description of Courses

DEPARTMENT OF AGRICULTURE

Mr. Wood

Mr. Mark

Mr. Norris

AGRICULTURE

The course in Agricultural Education consists of a four-year college course leading to a B. S. degree.

The Agricultural Education curriculum provides an opportunity for interested young men who have completed a standard high school course or its equivalent to pursue advanced courses, of a scientific, technical and professional nature in agriculture, so as to enable them to hold such positions of trust, responsibility and service as teachers of agriculture, school principals, extension workers or conductors of large agricultural enterprises. Aside from subjects of a technical nature in agriculture the course embraces humanistic studies in rural life and rural life problems, rural life movements and professional subjects relating to the processes of teaching.

Requirements for graduation—128 semester hours.

Students must have a thorough practical knowledge of farm activities and rural life conditions before receiving his degree. Students entering upon the college course in agriculture, who have not had farm experience, must receive such experience while pursuing their college work.

AGRICULTURE 101. Types and Market Classes of Farm Animals. A study of types and classes of market animals with special reference to the breeds adapted to the State of Kentucky. 3 rec., 1 two hour lab. per week. Credit, 5 hours.

AGRICULTURE 102. Feeds and Feeding. A study of the general principles of nutrition as applied to farm animals; composition of feed stuffs, comparisons and use of feeding standards; calculating rations, methods of feeding for economic production. 4 rec. per week. Credit, 5 hours.

AGRICULTURE 201. Field and Forage Crops. This course consists of a careful study of the important principles, factors, and operations affecting the production and uses of various field and forage crops of the United States, with special emphasis upon those of local importance. 2 rec., 2 two hour lab. per week. Credit, 4 hours.

AGRICULTURE 202. Soil Management. A study of the geologic origin of soil types, the physical texture of soils, and the principles of soil conservation; soil fertility, soil organisms, use of commercial fertilizers, farm manures and lime in perfecting a system of permanent agriculture. 2 rec., 1 two hour lab. Credit, 3 hours.

AGRICULTURE 301. Dairy Manufacturing. Composition, care, handling and testing of milk; the making of butter, soft cheese and ice cream. 2 rec., 2 hour lab. per week. Credit, 4 hours.

COURSES OF INSTRUCTION, 1933-1934

The following numbering system is used:

Freshman Courses	100-199
Sophomore Courses	200-299
Junior Courses	300-399
Senior Courses	400-499

Courses with odd numbers are offered during the first semester; those with even numbers, during the second semester.

The College reserves the right to refuse to open or to close courses the registration for which does not warrant opening or continuing.

Seniors and Juniors who take Freshman or Sophomore courses will receive reduced credit, except in Science courses.

AGRICULTURE 302. *Plant Physiology and Pathology.* The purpose of this course is two-fold; first, to acquaint the student with the vital processes performed by plants; second, to diagnose, combat, control, and prevent diseases in our common crop plants. 4 rec. per week. Credit, 4 hours.

AGRICULTURE 303. *Fruit Growing.* A general course covering the more important practices involved in the propagation, production and harvesting of both tree and bush fruits. 2 rec., 1 two hour lab. per week. Credit, 3 hours.

AGRICULTURE 304. *Vegetable Growing.* A study of the art and science of growing vegetables, sowing and planting, cultural methods, cropping systems, harvesting and marketing. The construction and management of hotbeds, coldframes and greenhouses. 2 rec., 1 lab. per week. Credit, 3 hours.

AGRICULTURE 401-02. *Farm Shop and Terracing.* This course is designed to give training in repairs and simple construction work on the farm, including skills in woodwork, iron work, tin work, cement, leather, and the care of tools. Also, the planning and laying out of land drainage systems, working with surveying instruments and the making of farm maps. Plans and plan reading water supply, waste disposal, heating, lighting, and power equipment. 2 rec., 2 two hour lab. per week. Credit, 8 hours.

AGRICULTURE 403. *Farm Meats.* Killing, dressing, curing of farm animals. 2 rec., 2 two hour lab. per week. Credit, 3 hours.

AGRICULTURE 404. *Productive Poultry Husbandry.* Stress is laid, in this course, on the study of types and breeds of poultry—their origin, development, characteristics, and use; the management of incubator brooders and poultry plants, and the marketing of poultry products. 2 rec., 2 lab. per week. Credit, 4 hours.

AGRICULTURE 405. *Farm Management.* A study of the principles involved in the choice of a farm, comparative merits of extensive and intensive farming, farm records and accounting, analysis of the farm business. Farm labor problems. Size of farm and amount of capital in relation to profits. 3 rec. per week. Credit, 3 hours.

AGRICULTURE 406. *Marketing Agricultural Products.* This course covers the fundamentals of the science of marketing as it applies to farm products, commodities, markets, trade channels, distribution forces, price making, machinery for both raw and manufactured products. 3 rec. per week. Credit, 3 hours.

AGRICULTURE 408. *Animal Physiology and Pathology.* This course is intended to enable the student to understand and appreciate the attributes of animal life; second, to diagnose, combat, control and prevent the more common diseases of farm animals. 3 rec. per week. Credit, 3 hours.

THE DEPARTMENT OF ENGLISH

Mrs. Bond
Mr. Lomax
Mr. Lee

Mr. Richards
Miss Wendell

Mrs. Jewell
Mrs. Heartwell

ENGLISH

The general purposes in the English department are as follows:
(1) To train the student to speak and write correctly. (2) To acquaint the student with the best literature. (3) To teach him the lasting values in literature.

Those who do an English major should take the following:

ENGLISH 98-99. *English Essentials.* This is a son-credit course. It is designed primarily for those who, taking the English placement examination show marked inability to do creditable work of collegiate grade. Two semesters. Credit, 0.

ENGLISH 101-102. *Composition and Rhetoric.* Content: Fundamental principles in oral and written English Composition that insure correct use and form in writing and speaking, sentence structure, grammatical functions, vocabulary building, paragraphing, mechanics of written composition, and methods of improving English usage in oral and written discourses are the main features required. 3 rec. per week. Credit, 6 hours.

ENGLISH 201-202. *English Literature.* This course covers in broad outline the field of English Literature from Anglo-Saxon times to the present. The methods of study emphasize details and technique as well as appreciation. Special emphasis is placed on the high points in English Literature. Papers are required from time to time. 3 rec. per week. Credit, 6 hours.

ENGLISH 301. *Public Speaking.* This course is designed to give the student experience in effective extempore public speaking. Critical studies of contemporary educational, political, social, and economic institutions and problems are read to create a fund of knowledge as a basis for argument and discussion. 3 rec. per week. Credit, 3 hours.

ENGLISH 302. *Argumentation and Debating.* This course is organized to familiarize the student with the classics of argumentative technique and to provide him with the opportunity to exercise his skill in making logical constructions, logical defenses or refutations. 3 rec. per week. Credit, 3 hours.

ENGLISH 303. *English Romanticism.* A careful study of growing signs of Romanticism in the early part of the 18th century. The French Revolution and its influence on the chief poets of the Romantic Movement, special emphasis on Wordsworth, Byron, Shelly, Keats and other prominent poets of the first quarter of the 19th century. 3 rec. per week. Credit, 3 hours.

ENGLISH 304. *Victorian Poets.* An extensive study of the ideas of the chief poets of the Victorian era, with special emphasis on the works

of Tennyson, Browning, Arnold, Swineburne, and Rosetti. 3 rec. per week. Credit, 3 hours.

ENGLISH 401. American Literature. A survey course designed to introduce the student to influences in American life and thought as well as to its letters. The Puritan and Colonial writers. An anthology and two complete texts are used. 3 rec. per week. Credit, 3 hours.

ENGLISH 402. American Literature. A continuation of English 401, which is not a prerequisite. Beginning with the Civil War, and with considerable attention to Walt Whitman, Emily Dickinson, and the rise of the short story, the realistic school of fiction, and the various groups of modern poets, the survey ends with a discussion of contemporary novelists, essayists, poets, and dramatists. 3 rec. per week. Credit, 3 hours.

ENGLISH 403. Shakespearean Comedy. Shakespeare's comedies will be studied in detail. 3 rec. per week. Credit, 3 hours.

ENGLISH 404. Shakespeare Tragedy. A continuation of English 403, which is not prerequisite, although desirable. 3 rec. per week. Credit, 3 hours.

ENGLISH 405. Dramatic Production. This is a course designed to promote an appreciation of dramatic literature. It offers laboratory work in dramatic theory and experimentation, to prepare teachers to undertake community and high school dramatics; to develop the instinct for self-expression. 3 rec. per week. Credit, 3 hours.

ENGLISH 406. The Novel. A reading course in which most of the masterpieces in the field of the novel will be discussed. Emphasis will be placed on the growth of the novel from the eighteenth century to the present. 3 rec. per week. Credit, 3 hours.

THE DEPARTMENT OF HISTORY AND GOVERNMENT

Mr. Fennell

Mr. Estill

Mr. Roberts

HISTORY AND GOVERNMENT

HISTORY 101. United States. The purpose is to familiarize the student with the general content of United States history, with view to organization of material for teaching the subject in the elementary school. 3 rec. per week. Credit, 3 hours.

HISTORY 103. Introduction to Modern Europe. A general survey of the rise of modern states in Europe, with related topics. Text. Class reports. Open to freshmen. 3 rec. per week. Credit, 3 hours.

HISTORY 104. Introduction to Modern Europe. A continuation of Course 103, treating European conditions since 1648, based on Schevill's History of Europe. For freshmen and others offering 103 or equivalent. 3 rec. per week. Credit, 3 hours.

HISTORY 201. The Americas. A survey of the history of North and South America, the founding and development of the colonial empires of Spain, England, Portugal, France and The Netherlands, the move-

ments for independence in North America and South America in the 18th and early 19th centuries, the political, economic and social development of the United States and of the greater Latin-American Republics, the colonial empires in America, and the rise of the Americas in world politics. Lectures, texts, collateral reading and an essay. Recommended to all who intend to elect American History. 3 rec. per week. Credit, 3 hours.

HISTORY 202. The Americas. A continuation of Course 201. 3 rec. per week. Credit, 3 hours.

HISTORY 301. Problems in Citizenship. This course deals with about twenty problems, such as prohibition, unemployment, education, agriculture, newspaper advertisement, public opinion, race, insurance, and taxation. 3 rec. per week. Credit, 3 hours.

HISTORY 302. African History. A survey of the part played by Negro peoples in the origin of higher human cultures and civilization of the ancient world from the beginning of the Old Stone Age until the end of the XVIII Dynasty in Egypt. It is based in the main upon authenticated archaeological discoveries and documentary evidence bearing upon the determining influence of Negro peoples on the beginnings and development of the pre-dynastic cultures and early dynastic civilizations of the Nile Valley, and the Egyptian Sudan, and their influence upon the prehistoric and early historic cultures of Europe and Western Asia, including Southern Arabia and Southern India. 3 rec. per week. Credit, 3 hours.

HISTORY 303-304. American Government. A survey of the federal, municipal and state governments in the United States. 3 rec. per week. Credit, 6 hours.

HISTORY 401. English Constitutional History. A survey of Anglo-Saxon institutions as they had developed at the Norman Conquest. More intensive study of the formative period of English Constitutional growth from the Conquest to 1485. 3 rec. per week. Credit, 3 hours.

HISTORY 402. English Constitutional History. The Tudors and the Constitution. The 17th century struggle between the Stuarts and Parliament. The rise of the Cabinet and democracy. 3 rec. per week. Credit, 3 hours.

HISTORY 403. Political Parties. A general survey of the functions of American political parties in the operation of our government. 3 rec. per week. Credit, 3 hours.

HISTORY 404. History of Kentucky. A general survey of the chief periods of Kentucky's growth and development from 1750 to the present. 3 rec. per week. Credit, 3 hours.

DEPARTMENT OF HOME ECONOMICS

Miss Sullivan

HOME ECONOMICS

The Department of Home Economics aims to train women who

wish to become teachers of Home Economics in the grades and in high schools, dressmakers, milliners and homemakers. Students entering this school will be better prepared to do the work if they have had two years of high school training in Home Economics.

Every girl is required to have three white Hoover aprons, three white strip caps and simple low-heeled shoes for her work in the foods classes.

Every girl is required to purchase her own sewing materials which will cost about four dollars for the first year. It is recommended that students bring with them a sewing bag, basket or box containing needles, thimble, scissors, pins, tape measure and foot rule.

To be graduated from the four year course in Home Economics, a student must successfully earn 128 semester hours.

HOME ECONOMICS 101. Art and Design. This course consists of the principles of art, as applied, the creation of designs, to the individual and the home decoration. 3 rec. per week. Credit, 3 hours.

HOME ECONOMICS 102. Textiles and Laundering. The study of the selection and care of textiles used in the home. The use of simple home tests for identifying quality of fabrics is stressed. 3 rec. periods per week. Credit, 3 hours.

HOME ECONOMICS 201. Foods. In this course the principles of meal planning, selection, preparation and table service are emphasized from the standpoint of marketing and food principles. Some consideration is given to the principles of food preservation. 3 lab. per week. Credit, 3 hours.

HOME ECONOMICS 202. Foods. This course is a continuation of Home Economics 201.

HOME ECONOMICS 203. Clothing Fundamentals. This course consists of the selection, construction and care of clothing for the girl with special emphasis on the economics of clothing. Prerequisite: 3 hours in Art. 3 lab. periods per week. Credit, 3 hours.

HOME ECONOMICS 204. Clothing-Dressmaking. This course deals with the clothing problems of the family including the selection and construction of children's garments, and renovation problems. 1 lec. and 2 lab. periods per week. Credit, 3 hours.

HOME ECONOMICS 301. Nutrition. This course aims to teach the principles of nutrition, body requirements and body processes. 1 lec. and 2 lab. periods per week. Credit, 3 hours.

HOME ECONOMICS 302. Nutrition. This course is a study of recent trends in American dietary habits and diets for special diseases. 1 lec. and 2 lab. periods per week. Credit, 3 hours.

HOME ECONOMICS 303. Applied Art. The application of the art principles to costume design and home furnishing. Prerequisite: Art and Design 101.

HOME ECONOMICS 304. Clothing. This course includes problems in draping which involve more advanced clothing problems.

HOME ECONOMICS 305. Health of Family and Home Nursing. This

course emphasizes the importance of positive health with a study of the ways of obtaining and keeping it; ways of caring for the sick in the home and the alteration of household routines under these circumstances. Credit 2 hours. 2 two-hour periods per week.

HOME ECONOMICS 307. House Planning. A study of the standard for the planning of the home with special emphasis on the interior, including treatment of ceiling, walls and floors. The selection and arrangement of furniture and accessories from an economic and artistic standpoint form an integral part of the course. 3 lab. periods per week. Credit, 3 hours. Prerequisites: Art 101 and 303.

HOME ECONOMICS 401. Home Management. This course consists of the budgeting and expenditure of time, money and labor. The use and care of equipment are considered. (Open to any senior student of any department.) 2 two-hour periods per week. Credit, 2 hours.

HOME ECONOMICS 402. Home Management Residence. Students live in practice cottage. Budget and carrying out regular household routine under supervision.

HOME ECONOMICS 403. Child Care. A study of child psychology and its adaptation to methods of parental care. 3 rec. per week. Credit, 3 hours.

THE DEPARTMENT OF MODERN LANGUAGE

Mr. Richards

FRENCH

The department of French offers courses in the French Language and literature, and a course for teachers of French.

Elementary courses in French offer an opportunity to students to begin the study of French or to continue the work taken in high school.

FRENCH 101. The purpose of this course is to introduce the elements of French. Topics stressed: Careful attention to pronunciation. Fundamental principles of sentence structure. All pronouns except the more complicated cases. Verbs through indicative tenses including the most common irregular verbs. Early reading of very simple texts, part as a basis for oral drill, part rapid reading for content. Written work primarily for drill. Credit, 3 hours.

FRENCH 102. Continuation of French 101. Constant drill on pronunciation. Completion of elementary grammar. Intensive and extensive reading. Written work primarily for drill. Credit, 3 hours.

FRENCH 201. Intermediate French. French prose and poetry. Reading, lectures and explanation of texts. This course is offered to give the student a general view of French literature from the seventh century to the present day. Credit, 3 hours.

FRENCH 202. Intermediate French. Conversational French. Practice in writing and speaking French. Abstracts in French on both

oral and written of works read outside of the class room. Introduction to systems of phonetics. Especially designed for those intending to teach the language. Credit, 3 hours.

FRENCH 301. French Literature. A rapid survey of French Literature from the beginning to the eighteenth century. Reading, translation, lectures, discussions and reports. Credit, 3 hours.

FRENCH 302. French Literature. Continuation of French 301. French Literature is studied from the eighteenth century to the beginning of the twentieth. Much outside reading required. Works of Voltaire, Hugo, Balzac and Anatole France studied thoroughly. Credit, 3 hours.

THE DEPARTMENT OF MUSIC

Miss Wheatley

MUSIC

MUSIC 101. Public School Music. Methods and principles of the primary grades. Special emphasis on rote songs. Three one-hour periods a week. Credit, 3 hours.

MUSIC 102. Public School Music. Methods and principles in Elementary Schools. Theoretical problems of each grade. Rhymic, tonal, care and culture of voice. Prerequisite: Music 101. Three one-hour periods a week. Credit, 3 hours.

MUSIC 201. History and Appreciation of Music. Introduction to ancient and primitive music. Three one-hour periods a week. Credit, 3 hours.

MUSIC 202. History and Appreciation of Music. Teaching æsthetic and historic values of music. Lectures illustrated by selections on the Victrola. Prerequisite: Music 201. Three one-hour periods a week. Credit, 3 hours.

DEPARTMENT OF PHYSICAL AND HEALTH EDUCATION

Mr. Kean

Miss Jamieson

Dr. Underwood

PHYSICAL AND HEALTH EDUCATION

PHYSICAL EDUCATION 101. Recreational Activities. This course consists of practice in various seasonal sports (football, basketball, etc.) Required of all first year students. 2 hours per week. Credit, $\frac{1}{2}$ hour.

PHYSICAL EDUCATION 102. Recreational Activities. A course in the practice of seasonal sports (track, tennis, etc.) Required of all first year students. 2 hours per week. Credit, $\frac{1}{2}$ hour.

PHYSICAL EDUCATION 103. Theory and Practice of Organized Play.

A course in folk dances, games, story plays, contests, relays, etc. Suitable for use in elementary and secondary schools. Credit, 3 hours.

PHYSICAL EDUCATION 104. Personal Hygiene. This course includes a study of the factors involved in personal health and the significance of health study. It serves three purposes, (1) improvement in the personal health of each student; (2) providing him with a knowledge of hygienic behavior; (3) the development of healthy minded attitudes towards his environment. Credit, 3 hours.

PHYSICAL EDUCATION 201. Recreational Activities. This course offers practice in Danish and natural gymnastics—Pyramid building, tumbling and stunts. Required of all second year students. 2 hours per week. Credit, $\frac{1}{2}$ hour.

PHYSICAL EDUCATION 202. Recreational Activities. This course offers practice for women in folk, clog and natural dancing, and for men in formal marching drills, floorwork and calisthenics. Required of all second year students. 2 hours per week. Credit, $\frac{1}{2}$ hour.

PHYSICAL EDUCATION 203. Materials and Methods for Elementary Schools. This course offers methods and materials in gymnastics of the natural and Danish systems, formal calisthenic and marching drills and for exhibition purposes, i. e., stunts, pyramid building and apparatus work, folk dancing, etc. A system of terminology is studied and opportunity given for practical observation and demonstration. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 204. Materials and Methods for High Schools. This course is intended to offer materials and methods in calisthenics, free and heavy apparatus, marching and the various gymnastic systems, folk and tap dancing, and exhibition material such as stunts, pyramid building and tumbling. Practice in the organization of intra-mural athletics and play days is offered. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 301. Physical Diagnosis and Health Examinations. This course enables the student to recognize the major abnormalities. Methods of making the physical examination are offered, and actual practice in prescription of exercise is given. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 302. Theory and Practice of Major Sports. A course in the fundamentals of the major sports, their organization and administration; conditioning and training; financing; awards; equipment; publicity; contests; extra and intra-mural. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 303. Theory and Practice of Correctives. This course presents the methods of correcting the commoner remediable physical defects such as rotaro-lateral and antero-posterior spinal curvatures, weak feet; after care of polio-myelitis; the care of cardiac cases; relief of abdominal ptoses; over and under weight, and fatigue cases-methods in hydrotherapy, progressive relaxation, posture edu-

tion and clinic management are presented. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 304. Anatomy and Kinesiology. This course in anatomy deals with the structure of the human body with especial emphasis on the mechanics of body movement. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 401. Principles of Physical Education. This course covers the sociological significance of Physical Education; the objectives, the making of the curriculum; practical problems are presented. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 402. Health Education. This course covers the organization and administration of a health education program in the public schools. Methods in teaching Health information, curriculum making, correlation with other subjects discussed. Publicity for projects; public demonstrations, contests, exhibitions, etc.; awards; finances, etc. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 403. Coaching and Officiating of Athletics. Directed teaching in the management of athletics. Observation and practice. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 404. Organization and Administration. A course in developing and conducting the physical education program in the public schools. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 405. Community Recreation. Covers the organization and promotion of community recreation activities. Includes the management of playgrounds, and recreational centers; the conduct of after-school activities, etc. 3 hours per week. Credit, 3 hours.

PHYSICAL EDUCATION 406. First Aid and Massage. This course includes the study of the treatment of the more common injuries such as sprains, dislocations, fractures, burns, shock, poison, insect bites, drowning, hemorrhage. The student is given extensive practice in bandaging and the use of tourniquet and splints.

DEPARTMENT OF PSYCHOLOGY AND EDUCATION

Mr. Russell	Mr. Williams	Mr. Norris
Miss Jamieson	Mr. Roberts	Miss Wendell
	Miss Sullivan	Mr. Kean

TRAINING SCHOOL STAFF

Miss Howard	Miss Simpson	Mrs. Brown
-------------	--------------	------------

EDUCATION

EDUCATION 101. Classroom Management. Purpose: To acquaint the student with the problems of school management; to see how to handle these problems with the minimum amount of energy and time;

to help the student sense the relation of the school to the community and cultivate a constructive and harmonious contact between the two; to acquaint the student with a well-organized, well-managed school through directed observation in a demonstration school.

Topics: Organizing the school; the first day of school; the daily program; the graduation and classification of pupils; discipline; recess; sanitation and health; management of the library; attendance; records and reports; schoolroom equipment; classroom routine; schoolhouse keeping; management of extra-curricular activities. 3 rec. per week. Credit, 3 hours.

EDUCATION 102. Teaching the Common School Branches. Purpose: (a) to familiarize the student with the State Course of Study; (b) to give practice in organizing materials for class work; (c) to acquaint the student with modern methods of teaching through directed observation in a demonstration school.

Topics: Subject as outlined in the State Course of Study with special emphasis on reading, language, spelling, and arithmetic; educational seat activities; measuring instruction by the use of examination, standardized and new type tests. 3 rec. per week. Credit, 3 hours.

EDUCATION 103. Psychology of Study. Educational psychology from the standpoint of the student. Principles underlying successful study; classroom procedure and examination; methods of mental efficiency; a help class for those needing assistance. 3 rec. per week. Credit, 3 hours.

EDUCATION 104. Introduction to Education. An orientation course in Education functioning as a practical guide to the professional study of the subject. It provides a panoramic view of all that the study of education has to offer and enable students to choose their courses wisely. 3 rec. per week. Credit, 3 hours.

EDUCATION 201. Organization and Administration of the Elementary Schools in Kentucky. A course designed to familiarize the prospective teacher with those activities of school organization and administration in which she may be expected to participate. Topics emphasized are administrative control, selection of teachers, tenure, loads, salaries, retirement, supervision, classification and promotion, attendance, community relationships, and professional ethics. 3 rec. per week. Credit, 3 hours.

EDUCATION 202. Directed Teaching in Elementary Schools. A course designed primarily for supervisors and principals. Topics emphasized include scheduling, office duties, supervisory duties, pupil activities, the curriculum, philosophy of the elementary school, state standardization, research in elementary school subjects, and modern procedures in administering the elementary school. 3 rec. per week, Credit, 3 hours.

EDUCATION 203. Educational Psychology. Application of psychology to the problems of learning and teaching, from the standpoint of the teacher. 3 rec. per week. Credit, 3 hours.

EDUCATION 204. History of Education in the United States. A course in the history of the development of the public school system in the United States. It is designed to give a background for the appreciation of the aims and purposes of modern education. 3 rec. per week. Credit, 3 hours.

EDUCATION 301. Child Psychology. The development of behavior from birth to maturity. The problems of conduct arising during infancy, childhood and adolescence in relation to child care and training. 3 rec. per week. Credit, 3 hours.

EDUCATION 302. Vocational Education. A survey of the field of vocation in rural education. 3 rec. per week. Credit, 3 hours.

EDUCATION 303. Principles of Education. Deals with the reasons for certain educational objectives and curriculum content. 3 rec. per week. Credit, 3 hours.

EDUCATION 304. Extra-Curricular Activities. Underlying principles, faculty activities, home room activities, student council, clubs, athletics, publications, dramatics, honor societies, commencements, etc. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 201. Introduction to Sociology. The purpose of this course is to set forth the fundamental sociological concepts by analyzing and describing concrete social situations. The aim is to develop in the students the powers of social observation and to familiarize them with the tools of social analysis. The principal topics of the course are: Society, social institutions, selective distribution, social interaction, conflict, accommodation, assimilation, personality, social control, and social change. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 202. A Continuation of Social Science 201.

SOCIAL SCIENCE 203. Rural Sociology. The purpose of this course is to study the problems of rural life—the problems of education, spiritual uplift; the problems of making life happy and interesting on the farm; the problems of socializing the individualistic people; the problems of teaching the rural population the beauties of nature surrounding them. Topics: Definitions of sociology as it pertains to rural life. The study of the rural home and the family life, the rural church, the rural school and the methods of improving the school, the problems of health and sanitation, the co-operative organizations of rural life and such literature as will glorify country life. Credit, 3 hours.

SOCIAL SCIENCE 301. Principles of Economics. An examination of the fundamental principles of economics and the application of these principles to practical problems. Not open to freshmen. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 302. Principles of Economics. Continuation of 301. Not open to freshmen. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 303. Anthropology. This is an introductory course. The purpose of this course is to study man and culture. The principle topics to be studied are fossil man, prehistoric races, modern races—

origin—classification—problems of race, nationality, language, mental differences; rise and spread of religion; civilization in native America.

SOCIAL SCIENCE 304. Negro in America. This course deals with the Negro as a part of the social process. The historic, economic, geographic, political and religious factors which contributed to his being brought to America and the influence of these factors on his existence in American life are dealt with. The principal topics of the course are: Slave trade, servitude, slavery, plantation, miscegenation, personality types, abolition, freedom, education, leadership, Negro church race consciousness, and the new Negro. 3 rec. per week. Credit, 3 hours.

EDUCATION 305. Survey of Educational Literature. The purpose of this course is to acquaint the student with current and historic educational writers and their contributions to various fields of educational discussion. Writers are so grouped that opportunity is afforded for orientation in educational theories. Reports, individual assignments and much library exploration feature the course. Three rec. per week. Credit, 3 hours.

EDUCATION 401. Administration of the High Schools in Kentucky. A course designed primarily for high school principals and prospective administrators. Topics emphasized are secondary school organization, the principal, the staff, the pupil, program of studies, schedules, community relationships, records and reports, articulation, library, plant, finance, and the aims of secondary education. 3 rec. per week. Credit, 3 hours.

EDUCATION 402. Tests and Measurements. This course is to make available one of the most useful tools of teaching. Tests of all kinds are studied and used with the aim of acquainting the prospective teacher with their use, purpose and comparative value. The philosophy underlying the measurement movement is developed and criticised. 3 rec. per week. Credit, 3 hours.

EDUCATION 403. Technique of Teaching High School Subjects. Deals with laboratory methods of instruction. Units: fundamental processes, control, operation administration. 3 rec. per week. Credit, 3 hours.

EDUCATION 404. Directed Teaching in High School. 3 rec. per week. Credit, 3 hours.

EDUCATION 405. Educational Statistics. A non-mathematical study of the applications of statistical and graphical methods of educational data. 3 rec. per week. Credit, 3 hours.

EDUCATION 406. Ethics of the Teaching Profession. Standards of conduct of the teachers in relations with the pupils, parents, and the community, with associates to the profession. 3 rec. per week. Credit, 3 hours.

EDUCATION 407. Home Economics Methods. Objectives of home economics course in high schools. Selection of problems for realizing

objectives. Method of presenting problems. Use of reference and illustrative material. 3 rec. per week. Credit, 3 hours.

EDUCATION 408. *Practice Teaching in Physical Education.* 3 rec. per week. Credit, 3 hours.

EDUCATION 409. *Agricultural Methods.* This course is designed to acquaint the student with the best methods of class organization and instruction in vocational agriculture, with farm demonstration work, with agricultural departments in Land Grant colleges, and show the purposes of the instruction in each case. 3 rec. per week. Credit, 3 hours.

EDUCATION 410. *Directed Teaching in Agriculture.* 3 rec. per week. Credit, 3 hours.

EDUCATION 412. *Directed Teaching in Home Economics.* 3 rec. per week. Credit, 3 hours.

THE DEPARTMENT OF SCIENCE AND MATHEMATICS

SCIENCE

Mr. Jones

Mr. Crouch

MATHEMATICS

Mr. Estill

Mr. Roberts

SCIENCE: In the laboratory courses a minimum of two hours of actual work in the laboratory is required for each hour of credit. The chief purposes in this department are: (1) To give the student an understanding of the natural laws. (2) to give him information on them and to stimulate interest in scientific methods of investigation.

MATHEMATICS: The purposes of the department may be stated as follows: (1) To train the students to be accurate. (2) To stimulate him to independent study in this particular field. (3) To teach him the relation of mathematics with the natural sciences.

MATHEMATICS 101. *College Algebra.* A course beginning with Quadratic Equations and covering the Binomial Theorems and the Progressions, along with such other topics as are necessary for the treatment of the same. This course is required of Freshmen students.

MATHEMATICS 102. *Trigonometry.* This course deals with the functions and solutions of right and oblique triangles, and the development and use of formulae for the intelligent use of the same. The last few weeks of the course will be devoted to the treatment of algebraic topics, including complex numbers, determinants, and the theory of equations. This is required of all Freshmen students. 3 rec. per week. Credit, 3 hours.

MATHEMATICS 103. *Teachers' Arithmetic.* Purpose: The review of the essentials of arithmetic, development of skill, accuracy, and methods of teaching fundamentals of arithmetic to pupils in the elementary school. 3 rec. per week. Credit, 3 hours.

SCIENCE 101. *Inorganic Chemistry.* General Inorganic Chemistry. Rec. 2, lab, 4 hours per week. Credit, 4 hours.

SCIENCE 102. *Inorganic Chemistry.* General Inorganic Chemistry. Rec. 2, lab 4 hours per week. Credit, 4 hours.

SCIENCE 103. *Biology.* A general consideration of living matter, including the fundamental natural laws manifested in simple and complex organisms. Rec. 2, lab. 4 hours per week. Credit, 4 hours.

SCIENCE 104. *Biology.* Similar to science 103. Rec. 2, lab. 4 hours per week. Credit, 4 hours.

SCIENCE 201. *General Physics.* A general elementary course covering Mechanics, Wave Motion and Heat. Lectures and recitations four hours; laboratory two hours a week. Credit, 5 hours.

SCIENCE 202. *General Physics.* Continuation of Physics 201, covering Magnetism and Electricity, Sound and Light. Lectures and recitations four hours; laboratory two hours a week. Credit, 5 hours.

SCIENCE 301. *Qualitative Analysis.* Systematic analysis and ions, except those of rare elements with special attention to theory and the detection of negative ions. Rec. 2, lab. 4 hours per week. Credit 4 hours.

SCIENCE 302. *Organic Chemistry.* Brief Course. Rec. 3, lab. 2 hours per week. Credit, 4 hours.

SCIENCE 303. *Bacteriology.* Morphology, classification physiology and cultivation of bacteria. The significance of bacteria in relation to soil fertility, industry, the household, health of man, animals and plants. Designed for students in Home Economics, Agriculture, Pre-medical and Science majors or minors. Rec. 2, lab. 2 hours per week. Credit, 3 hours.

SCIENCE 304. *Genetics.* Principles governing heredity in animals and plants. For students in Agriculture and Science. Rec. 3. Credit, 3 hours.

SCIENCE 305. *Physiology.* The functional processes in man and animals, mainly those of digestion, circulation, glandular secretion, nervous action and reproduction. Rec. 2, lab. 2 hours per week. Credit, 3 hours.

SCIENCE 306. *Comparative Anatomy.* A consideration of primitive or less specialized vertebrate structures and their significance to similar structures found in highly specialized vertebrate types. The importance of structures as basis of classification. For Pre-medical and Science students. Prerequisite 103 and 104 (sci.). Rec. 2, lab. 2 hours. Credit, 3 hours.

SCIENCE 401. *Entomology.* A consideration of insects and their relation to human welfare; losses incurred by insect pests in crops; disease carrying insects. For students in Agriculture and Science. Prerequisite 103 and 104 (sci.). Rec. 2, lab. 4 hours per week. Credit, 4 hours.

THE DEPARTMENT OF SOCIOLOGY AND ECONOMICS

Mr. Carmichael

SOCIOLOGY AND ECONOMICS

SOCIAL SCIENCE 102. *Geography.* Purpose: The purpose is to familiarize the student with principles of geography, his surroundings, and the relation of geography to man's physical and economic development. The use of materials and natural surroundings as aids to teaching geography, and the relation of the student's local conditions to the county, state, national and world geography should be a part of this introductory course. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 401. *Social Psychology.* Innate tendencies as social factors, and their organization into group attitudes are considered. The respective roles of conventions, habits, languages, imitation, and emotions, and their relation to social progress will be treated. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 402. *The Family.* A study of the family both in its historical aspects and in connection with modern life. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 403. *Social Pathology.* A study of illness and accidents and of mental and physical defectiveness, from a sociological point of view. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 404. *Criminology.* A study of general conditions as to crime and delinquency, of measures of punishment and reform of the prisoner, of criminal procedure and its possible reform, and of measures for the prevention of crime. 3 rec. per week. Credit, 3 hours.

SOCIAL SCIENCE 406. *Community Welfare Work.* A limited social service course, involving a certain amount of field work. 3 rec. per week. Credit, 3 hours.

DEPARTMENT OF EXTENSION

J. T. Williams, Director

PURPOSE

Kentucky State Industrial College through its extension department seeks to provide study for adults who have not pursued all or part of a college curriculum, or having had a part of it, desire to continue such a curriculum.

THE CURRICULUM. The courses offered in extension differ little, if at all, from those required of the regular students of the college. The general rule is to offer through extension only what is found in the general program of the college, especially if credit toward a degree is involved.

THE FACULTY. The ordinary practice is to engage members of the

regular teaching staff for extension instruction on the basis of additional compensation.

TEXTBOOKS. Usually the ordinary college textbooks are used for extension classes, but occasionally there is a substitution of a textbook in which the material is given a more popular or less technical treatment.

PROCEDURE. It is understood that extension classes are to meet at times and places most convenient for the students and instructors, such places to be furnished by the extension students. Certain classes may be held on the college campus without additional cost to the students.

FEES AND CREDIT. The extension student enrolls separately for each course he wishes to pursue, and pays for it as a unit. Credit is based on an hour for hour plan as in residence, and extension classes must conform as nearly as practicable to the semester organization of the institution. The general tuition fee is \$5.00 for 2 semester hours. The minimum total fees collected from any one extension class is \$150.00. Extension credits are recorded in the office of the Director of Extension and on the books of the registrar. Fees are payable at the organization meeting of the class. In no case may a class meet the third time until the entire class payment is made. No fees will be refunded.

EXAMINATIONS. Final examinations are always required where credits or certificates are sought.

APPLICATIONS FOR EXTENSION CLASSES. All correspondence pertaining to the organization of extension classes should be addressed to the Director of Extension.

CORRESPONDENCE COURSES

Kentucky State Industrial College co-operates with the University of Kentucky (Lexington) in offering correspondence courses. For further information write "The Bureau of Correspondence Study, University of Kentucky."
